Pacific Northwest	124	---	---	---	---	12.54	10.66	-1.76	0.74
All Markets Combined 3/		11.51	9.23	1.2678	1.0512	14.46	11.38	-0.13	1.24

1/ See separate table for principal pricing points of markets and price adjustments for other major pricing points. Uniform milk prices are at 3.5 percent butterfat.

2/ For those orders that use the component pricing system for paying producers (orders 1, 30, 32, 33, 124, 126, and 135), the figures are the statistical uniform price (the sum of the producer price differential and the Class III price). For those orders that use the skim milk/butterfat pricing system for paying producers (orders 5, 6, 7, and 131), the figures are the uniform price (the sum of the uniform butterfat price times 3.5 and the uniform skim milk price times 0.965).

3/ Figures are the weighted averages of the individual market prices. The weighting factors are the applicable pounds of skim milk, butterfat, or milk in total producer milk receipts.
